QUALIFIED CANDIDATES

It will be the latter part of February before the primary is held when the people of Jacksonville will select two candidates for mayor and eight candidates for commissioner. That date is just about three months distant and is really not so far away out that it is important for the people to begin thinking about candidates. If all ten are good, strong candidates competent officials are certain.

No doubt there will be plenty of men, and possibly women, who will offer themselves as candidates before that time, and no doubt, too, the greater portion of these men and women will be honest and well intentioned and probably without any special qualifications for the offices which they are seeking. Just what department a commissioner will manage or work in after his election cannot be determined before election, as in accordance with the commission form of government act the various commissioners are assigned to their departmental work subsequent to the election, and in the course of the organization of the council for the work of the term.

This fact, however, does not preclude the possibility of electing men who are especially qualified for some particular line of duty. It should be the purpose of the voter in deciding upon the candidates whom he will support to seek out mentally at least men or women he thinks especially qualified for the several departments. That is, the voter should determine upon some man he thinks has the qualities which fit him for the office of mayor, then there should be someone who has special qualifications as commissioner of accounts and finances, then he should weigh the qualifications of the men for the department of health and safety, the department of streets and improvements and department of lighting and water. It goes without saying that the matter of honesty and integrity must underlie the qualifications, but after the honesty and integrity and general ability have been considered, then these qualifications should be weighed. Jacksonville is entitled to five officials who are honest and competent in a general way and who have special qualifications in experience or training along special lines.

MORE TIME FOR SHOPPERS.

The Burlington train from the south bringing passengers from Franklin, Waverly and other points now reaches this city at 11:20, and when it is on time returns from Concord at 2:05. This schedule gives shoppers only two hours and fifteen minutes in Jacksonville. Quite frequently the train south, due to leave at 2:05, is late and shoppers are given additional time, but it is very unsatisfactory to them to keep telephoning to the station to see what time the train is coming and they are not therefore in a good buying frame of mind.

This statement is not made as a criticism of the Burlington's time card but, if a longer time, of perhaps an hour and a half or two hours' interim between the arrival of the train from the south and its departure for the south could be arranged temporarily for the next few weeks it would be of immense advantage to the merchants of Jacksonville. Possibly if the proper committee of the chamber of commerce were to take this matter up with the Burlington such an arrangement could be made, and if so it certainly would mean a great deal of additional trade for Jacksonville during the weeks preceding Christmas.

MUNICIPAL CHRISTMAS TREE

Great Tree for the Lonesome Planned in 1912—Idea Gained Instant Popularity—Magazine Writer Tells of Plans Carried Out in Many Cities.

Writing in McCall's Magazine for December, Reinett Lovell, with "The Bigger Christmas" as a theme, tells in a very interesting way about the great success municipal Christmas trees have been in a number of cities. The first municipal tree in this country was in New York in 1912, and since that time the idea has taken root rapidly in cities and towns scattered all over the continent. The New York tree was called "The Great Tree for the Lonesome" and was lighted in Madison Square on Christmas eve in 1912.

Last year there was a tree at Worcester, Mass. It resulted from the wish of a little girl who eager to see the tree and had been looking at the picture of the New York tree and excitedly turned to her mother and asked why their city couldn't have one too. The mother thought about it all night and next day went to work. The electric light company agreed to furnish light, the park board gave aid in various ways, the city authorities contributed \$150, and the newspapers gave the necessary publicity. A printed letter was sent to every minister, priest and rabbi, inviting their respective churches to lead the singing societies, German and Swedish, were also notified. The words of familiar songs were printed on 5,000 sheets to be distributed to the crowds. The Rotary and Publishers' clubs, prominent organizations of men, appointed delegates to volunteer their services. A check from the street car company bought a thousand tickets, which the day nurses' and district nurses' associations gave to little children and feeble old people who lived too far away to walk. A great spruce tree was hauled in from the country and the trunk was set seven feet in the ground and then the tree was geyed to trees nearby.

Crowds gathered on Christmas eve. They found seventy-five boys scouts acting as guides and messengers. There were chairs for those who could not stand, and some practical minded person had provided a number of furnaces to make possible a warm area where chilly little folks could warm up. A band was stationed near and this and the singing societies furnished programs on different evenings, for the tree was lighted not once but several times. But the big show was the tree itself, with its three thousand colored lights and the six-foot star. People came from far and near and continued to come. Crowds surged about the tree, listened to the band, joined in the singing, and carried away with them an awakened sense of the meaning of Christmas, "Peace on earth, good will to men."

Out in Oklahoma is a little bit of a town where there are no beautiful municipal buildings, no broad avenues, no marble woman's club building, no Rotary club or park board or electric company; the people who live in two blocks in Worcester would probably outnumber the population of Bokhoma, but there was a town tree there, a tree for everybody, for the same spirit that made possible the celebration in the eastern city ran riot in the Oklahoma settlement. A few neighbors talked "tree" at the village doctor's house, four women were assigned the task of getting the name of every child in Bokhoma. Two men were sent hunting for holly trees, and the folks who could sing began to rehearse. It was a big success, sparkling away in a school house where two stoves melted the frost on the window panes. There were children there twelve years old who had never seen a Christmas tree, some who had never eaten an orange; children whose parents drove ten miles in the cold to bring the children to the celebration, and it cost \$15 plus the genuine Christmas spirit, the dynamo which furnished the power in every community, large or small, where there were municipal festivities last Christmas.

It seems as if the star which shown from the topmost twigs of that giant evergreen in New York must have shot off sparks which fell all over the country, for on the Christmas eve of 1913 the Christmas tree stars came out from the Atlantic ocean to the Pacific. And, by the way, it seems this number will be multiplied on Christmas 1914.

There was a big bouncing tree in Boston. It was placed in the historic old common. Then across the continent there was one in San Francisco, and you can trust California to do things on a big scale. About the highest evergreen that could be found in the forests of Mendocino were circled twenty-five smaller trees. The exercise included more than a thousand acres of land, and at the stadium a fat "Santa Claus" unloaded thirty thousand sacks containing candy, nuts, fruit and toys.

Chicago celebrated in Chicago's characteristic way, with generous forethought for the whole city. The tree was out in Grant park on the lake front, and when the weather man refused hope for feathery snow somebody sent a stream of water over the whole tree and every lit spruce twig glistened with ice. Down in Bridgeport, Conn., a tree sparkled into light in a sort of spontaneous combustion fashion. There was no formal organization, no funds raised. A modest little woman thought of it and went to the mayor with her idea and he started the ball rolling, and somehow or other the enthusiasm and the tree both developed. There as

GIFT GIVING TIME IS NEAR AT HAND

VARIOUS CHRISTMAS FUNDS NOW IN NEED OF CONTRIBUTIONS.

Opportunity for Giving Where Benefits Will be Certain—Journal Company Offers to Add Ten Percent to Cash Subscriptions Made for Charitable Purposes.

Do you want the Journal to subscribe to the charitable or Christmas fund you designate? We will add ten per cent to every dollar you will donate to the Salvation Army, the City Hall Christmas fund, the municipal Christmas Tree fund, or to the special charity fund or any church. Give five dollars and we will add fifty cents. Give ten dollars and we will add one dollar.

If you want to give ten dollars and apportion it to several funds just indicate your desires and the contributions will be just in that way. The Journal company gives a pledge to see that contributions are paid over to a responsible representative of any fund designated and that the person making the contribution is given due credit therefor.

If any lodge or other organization desires to aid any of the causes mentioned to the extent of \$100 or to distribute that sum among several, the Journal will add ten dollars to the sum. Bear in mind that this somewhat unusual offer is made simply with the purpose in mind of stimulating giving as the holiday time draws near. The strange thing about giving seems to be that the giver is benefited fully as much as the recipient, and oftentimes even to a greater extent.

There never was a time when there was a greater or more genuine need for generous giving on the part of the people of Jacksonville than now. Industrially recent months have not been busy or prosperous and as a result many people are out of employment. There are men with large families who have earned but a few dollars in recent months, families where sickness has made conditions even worse and where want is knocking at the door. Chief of Police Davis said yesterday he has a list of one hundred boys and girls who are greatly in need of new shoes. Wouldn't it be really worth while to spend a few dollars for this fund and help not only to make some of these boys and girls happy but also to help protect them from the winter's cold? Tell the Journal what you want to give to this or some other charitable fund and we will add our ten per cent. Make this a giving Christmas time and you will declare afterward it is the best one you can remember.

If you want to aid the Salvation Army, the Municipal Christmas tree fund, the City Hall Christmas fund or the special fund of any church organization in Jacksonville join the "United Jacksonville Giving Club" today. The way to join is to send in or bring in a contribution by cash or check for one or more of the funds. The Journal will add ten per cent and then turn over the total to the recipient you designate.

LEAVES FOR WASHINGTON.

Miami, Fla., Nov. 23.—Secretary of State Bryan left today for Washington. He came here last Thursday for a short stay at his winter home.

elsewhere the band played and the singing societies sang.

In Cincinnati the municipal tree was a great success and there the committee not only thought of the people who could see the tree but of those who could not come, and to the city hospital, to the jail, to the insane asylum, they sent a small gaily decorated tree and a story teller.

The civic celebration idea burst upon Johnstown, Pa. like the great flood which once swept over its streets. There a great tabernacle in which evangelistic meetings had just been held was used and there was an all-day celebration with the tree at night. Somebody who had money contributed a turkey dinner, and to make it more of a family affair anybody who wanted to could put presents on the tree.

At Keene, New Hampshire, they had an extra fine tree and after the formal celebration by the jubilant town, automobile loads of gifts, manned in each case by a "Santa Claus" drove out to distribute gifts to children in whose homes money and toys were scarce. Holyoke, Mass., Attleboro, Mass., Geneva, N. Y., Norwalk, Conn., Dayton, Ohio, Liberty, Mo., Washington, D. C., these were some of the cities great and small where the New York idea found lodgment and developed splendidly.

Somebody in commenting upon the effect of the tree in one of these cities said: "It was a wonderful experience. You know at first we thought of the tree as something for poor children who did not have any at home, but before we were through we saw very clearly that they did not need it half as much as the poor Irish folks, and the poor pretty-well-off folks, and the poor all-the-rest-of-us. We were the ones who really needed it. So many folks get poor in spirit the rest of the year, there are so many worries, and so much sadness, to say nothing of sordid money grubbing."

I don't care how you look, but I will bet a dollar, to a bad nickel this is how you feel—when your bones ache, your eyes and nose run, and your body is feverish and all stuffed up with a nasty cold. Get rid of that cold, or spell of the Grip. You can do it in just one night, with a 25 cent box of

You Can Help do This.

Each year no doubt you resolve that you will do the holiday shopping early and then something happens to set at naught your good intentions. This year why not make the resolve still earlier and then carry the resolve into immediate effect.

Remember today that there are just twenty-six more shopping days before Christmas. Remember too, that Jacksonville stocks are just as large as you can find elsewhere. The welfare of your home city demands that you "buy at home" and the only kind of civic patriotism that counts is the kind that takes into consideration the business prosperity of the city. Help keep the business of Jacksonville prosperous by spending your money at home. "Good business" does not mean simply that the merchants will make more money. It means that more people will be employed, that better wages will be paid, that fewer people will be in want, that many homes will be hap-

pier. "Help keep business good" and you will contribute much not only to the Thanksgiving and Christmas cheer or this community but will give a more lasting help as well.

NO CHANGE IN PRESENT RATE OF RE-DISCOUNT SOON

Board Believes There is \$200,000,000 of Surplus Reserve in member Banks in North and East at Present Time.

Washington, Nov. 23.—Until the federal reserve board has accurate information on the surplus reserves held by member banks, it does not expect to change the present rates for re-discount of commercial paper.

Present information has led the board to believe that there is about \$200,000,000 of surplus reserves in the member banks in the north and east. They fear that a lower rate of re-discount might lead to an exportation of gold which they do not wish to see at this time. Until this reserve stock has been lessened the rates probably will be unchanged in these sections.

In the south and west, where much of the pressure for changed rates originates, the board's information shows less surplus reserves and it is possible that changes will be made there in the near future. No definite action, however, has been taken in regard to any suggestions on discount rates.

The board has decided to aid the twelve reserve banks in accumulating data bearing on the question of re-discount rates by requiring a weekly report from all member banks to the reserve bank in their district.

The two year old little son of Mr. and Mrs. Thomas Duffner is reported quite ill at their home on South Clay avenue.

"As a militant organization, the Cigarmakers International Union has assisted in the formation of trades assemblies, state federations, and union label leagues. It has been active in the promotion of laws prohibiting the importation of Chinese coolies by unscrupulous employers, and has practically driven the Chinese from our trade, who at one time threatened to engulf the entire industry; it has raised wages from ten to one hundred per cent; it has fought successfully for the elimination of the sweat shops in the cigar industry; through its persistent and consistent agitation the tenement house system was finally abolished; it has combated the evils of contract convict labor; it assisted in placing laws upon the statute books which regulated and limited the employment of children under a certain age; it favored the reduction of the hours of labor of women and young persons by legislative action. Briefly, it has been active and assisted in every endeavor to elevate the condition of the worker to a higher moral, social and economic standard everywhere."

ELEVEN PREPARING FOR FINAL GAME

ILLINOIS PLAYS WILLIAM AND VASHTI THURSDAY.

Big Game of Season Will be Fought Out on Illinois Field Thanksgiving Day—W. and V. to Come on a Special Train with Delegation and Band.

Coach Harmon is sending his Illinois eleven through their final practices for the big game Thanksgiving day against William and Vashiti to be played on Illinois field. There is much at stake on the game notwithstanding the fact that Illinois has suffered three defeats during the season. William and Vashiti is accounted one of the strongest teams in the conference and has only been beaten once this year, that by Millikin university, with a score of 9 to 0. It is understood, however that W. and V., expect to contest this game at the meeting in December, on the ground that Chynoweth was ineligible to play. If this be true, that will give William and Vashiti a clean slate this season. The following are the games played by both schools this season:

W. and V., 31; Lombard, 7.
W. and V., 21; Carthage, 0.
W. and V., 33; Wesleyan, 0.
W. and V., 0; Millikin, 9.
W. and V., 21; Eureka, 0.
W. and V., 34; Bradley, 7.
Total, 140; Opponents, 23.

Illinois Record.

Illinois, 7; Carthage, 0.
Illinois, 107; Lincoln, 0.
Illinois, 66; Shurtleff, 0.
Illinois, 20; Wesleyan, 17.
Illinois, 6; Millikin, 18.
Illinois, 13; Lombard, 17.
Illinois, 12; Bradley, 25.
Total, 231; Opponents, 78.

State Title at Stake.

William and Vashiti played two games early in the season, which were outside of the conference. They were Aledo, high school, whom they defeated 53 to 0, and Lewis Institute, score 66 to 0. William and Vashiti was also to have played Hedding college last Saturday. William and Vashiti are counting on winning the state title, because they administered a defeat to Lombard, who has been leading the conference. If Illinois succeeds in winning from W. and V. the state title will be more complicated than ever. Charleston Normal has been playing only the weak teams of the conference, those who have not won a game this season. They have never met W. and V. Lombard, Millikin and Illinois, conceded to be the leaders of the conference. Millikin's victory over them Thanksgiving day, and dopists figure it out that way, will not make Millikin any closer to the goal of championship. A glance at Illinois schedule shows that the team has been playing some scrappy ball, despite the fact that several good men have been on the hospital list.

Coming on Special Train.

William and Vashiti are planning to come on a special train of four coaches, over the Burlington and will bring with them the Aledo band of twenty five pieces. They figure that if they can get a low enough rate that there will be two hundred in the party.

To Have Home Coming.

Illinois college expects to provide extra seats and letters have been sent out to all former students to return Turkey day and see the big contest. It is not unlikely that the college students will have a parade preceding the game.

WINCHESTER.

Mr. and Mrs. Henry Herring, east of the city, entertained at dinner Sunday and enjoyed a pleasant social afternoon. The guests were Edward Baisley and family of Winchester, Mr. and Mrs. Ralph Curtis of Manchester, Mr. and Mrs. Harry Perry of Jacksonville and Mr. and Mrs. Vincent Dolen of Winchester.

W. C. Cowper, who was in Springfield last week attending the meeting of the state Odd Fellow assembly, is again at home. He made a visit in Moline before returning.

Mr. and Mrs. Harrison Corbridge of Bluffs spent Sunday with Mr. and Mrs. W. H. Kinson.

Mr. and Mrs. Carl Neat left Monday morning for Jacksonville where Mr. Neat took the train for Springfield.

W. T. James of Palmyra is in Winchester for a visit with Mr. and Mrs. C. W. Banes.

The new piano, which was used for the first time Monday at the graded school building, will be appreciated by both teachers and pupils.

Miss Dollie McLaughlin, Mrs. J. E. Patrick and Mrs. Lee Knapp planned a pleasant surprise Sunday, November 22, for their sister, Mrs. William E. Knapp, in honor of her birthday. Mrs. Knapp was at Sunday school when about fifty friends and relatives came with well filled baskets and prepared a sumptuous dinner, which was relished by all.

IS NOT A CANDIDATE.

The Journal Sunday made reference that W. H. Weatherford was one of the candidates talked of for the position of superintendent of the poor farm. Mr. Weatherford wishes the Journal to state that he is not now or never was a candidate for the position.

Mrs. W. J. Wyatt of Franklin was among the Monday business callers in Jacksonville.

SOCIAL EVENTS.

An interesting afternoon was spent by the members of the Monday Conversation club yesterday at the home of Miss Lillian Davis, 252 Webster Ave., with Miss Mary Johnston, Miss Della Dimmitt, Mrs. F. H. Rowe, Miss Lillian Davis and Miss Janette Powell assisting Mrs. E. W. Bassett, the leader, in the discussion of the topic "Socialism." Mrs. W. H. Hinrichsen, the vice-president, presided in the absence of Mrs. J. N. Ward, who is visiting in South Carolina.

After the program a social hour was enjoyed. The cream had been cast in turkey-shaped molds and all the refreshments were suggestive of the Thanksgiving season.

The club will meet next, Monday afternoon, Dec. 7.

The Junior Amoma class of the First Baptist church taught by Miss Marie Sandberg met last night at the home of Miss Grace Hoffman. After a business session, games were played and music enjoyed, followed by light refreshments. Among those present were Misses Irene and Mattie Hall, Alma Peters, Grace Hart, Lucile Henley, Gene Coulter, Leona Ornellas, Marion Williamson, Elsie Read, Marie Bussey, Violetta Wheeler, Grace and Minnie Hoffman, Golden Taylor, Ila Campbell.

Mr. and Mrs. J. B. Jordan of 326 West North street, were given a happy surprise Monday evening, the occasion being their 22nd wedding anniversary, and the surprise being planned by Misses Mabel Jordan and Blanche Turley. Forty relatives and friends were present and the company gathered at the home of Mrs. Elizabeth Turley and went in a body to the Jordan home. Mrs. Jordan's maiden name was Maud Lille Turley and her marriage to Mr. Jordan took place in Arcadia.

The evening was spent in a happy manner by game and music. In a contest held Mr. Jordan won the prize. During the hours delightful refreshments were served. Mr. and Mrs. Jordan received a number of remembrances as well as many good wishes for health and happiness.

MEXICAN FLAG IS AGAIN FLYING OVER PORT OF VERA CRUZ

(Continued From Page One.)

Cristobal, bearing the first contingent of the American brigade left the dock at 1:50 p. m. bound for home.

The evacuation of the city was effected without any clash occurring between the Americans and the native army. The Mexican marched in on the heels of the departing troops but no serious disturbance of the city's peace was registered during their entrance.

Residents of Vera Cruz who had heard of threats made by followers of General Villa and others opposed to General Carranza that they would resist the occupation of the city by Aguilar's troops breathed more freely as the Carranza soldiers moved nearer and nearer to the center of the city.

The only unpleasant incident connected with the transfer of authority was higher than the men in the ranks of either army and so had no effect on the general situation. General Carranza was quoted by representatives here as being displeased with the method used by the Americans in delivering over the city and as having criticized sharply the failure to make a formal transfer of the various departments.

Conditions Improving. Washington, Nov. 23.—Anxiety for the safety of French and British subjects and their interests in Mexico City brought Sir Cecil Spring Rice, the British ambassador, and Jules Jusserand, the French ambassador to the state department today to learn what the American government knew of the situation in the Mexican capital. Reports to the state department showed conditions as having improved.

Conditions "Most Alarming."

Havana, Nov. 23.—On receipt of a cablegram from the Cuban consul at Vera Cruz today saying that conditions were most alarming and requesting the dispatch of a warship thither to protect Cuban citizens, President Menocal called a cabinet meeting at which it was determined to send the Cruiser Patria to the Mexican city tomorrow morning. The flagship Cuba is expected to arrive here from Santiago next Thursday and she also probably will be dispatched to Vera Cruz.

Carranza Troops Defeated. El Paso, Tex., Nov. 23.—Reports from Villa sources in Juarez today were to the effect that a large band of Carranza troops was defeated yesterday by Villa troops at Tlaxcala between Puebla and Mexico City.

The report said that 400 Carranzas were killed and that the Carranza command numbered several thousand.

Was Strategic Move. Douglas, Ariz., Nov. 23.—General Alvaro Obregon's retirement from Mexico City according to a telegram received today by constitutional officials at Agua Prieta was a strategic move to enable him to make a rear attack upon Villa after that commander enters the Mexican capital. Obregon took all the artillery from the capital.

Begins to Shape Situation.

El Paso, Tex., Nov. 23.—The evacuation of Vera Cruz and the occupation of that city by Carranza troops began to shape the tangled situation in Mexico. It was not doubted that the deposed first chief would make the east port his provisional capital even before the convention party established itself

WILL INVESTIGATE ATTEMPTS

TO RECRUIT CHICAGO MEN

Chicago, Nov. 23.—An investigation of an alleged attempts to recruit Chicagoans for the Canadian expeditionary force is being made by District Attorney Charles F. Clyne who today ordered Edward Jacobs and Gustav Bachman to appear tomorrow to sign statements telling how they were inveigled, it is charged, into a trip from Chicago to Winnipeg two months ago. The men say they understood they were to be given employment on a grain ship. At Winnipeg they were taken to Fort Osborne and an effort was made to recruit them, they said. When they refused to swear allegiance to King George they were left stranded, according to their story.

Bachman and Jacobs were approached, it is said, by James T. Deacon, who, they say, is the local representative of Captain Eugene H. Houghton of Winnipeg, Deacon, in a letter which is now in the hands of government agents, admits, it is said, acting as a recruit- ing agent but insisted the two men were aware they were to enter the army.

too. Quit punishing your feet by
using toe-eating salves and ointments.
To use knives, files, scissors and
razors, slicing and hacking at a corn,
only make it grow faster and bigger.

It also brings danger of bleeding
and blood poisoning. The new way,
the principle never known before in
corn-history, is "GETS-IT." It's a
liquid—2 drops on a corn does the
work. Pain goes, the corn begins to
shrivel and out it comes. You apply
it in two seconds. Nothing to stick,
nothing to hurt, and it never fails.

Try "GETS-IT" tonight on corns, cal-

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them
Off With Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you
much longer if you get a package of
Dr. Edwards' Olive Tablets. The skin
should begin to clear after you have
taken the tablets a few nights.
Cleanse the blood, the bowels and the
liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the
successful substitute for calomel—
there's never any sickness or pain after
taking them.

Dr. Edwards' Olive Tablets do that
which calomel does, and just as effec-
tively, but their action is gentle and
safe instead of severe and irritating.
No one who takes Olive Tablets is
ever cursed with a dark brown taste,
a bad breath, a dull, listless "no good"
feeling, constipation, torpid liver, bad
disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely
vegetable compound mixed with olive oil,
you will know them by their olive color.

Dr. Edwards spent years among pa-
tients afflicted with liver and bowel
complaints and Olive Tablets had today
the most effective result.
Take one or two nightly for a week.

CHURCH MAN ARRIGNS COLORADO COAL COMPANIES

Investigator Criticizes Companies
For Their Attitude in Recent Labor
Troubles.

New York, Nov. 23.—In a report
to the commission on the church
and social service of the federal
council of the churches of Christ in
America, made public here today,
the Rev. Henry A. Atkinson, associ-
ate secretary as investigator, ar-
raigns the Colorado coal companies
for their attitude in the recent labor
troubles in that state.

The Rev. Mr. Atkinson was sent
to Colorado and also to the copper
mining districts of Michigan, where
there were recent industrial difficul-
ties by the social service commission
of the Congregational churches and
the commission of the council of
churches and empowered to repre-
sent both bodies in his investigation
into the labor conditions. After re-
viewing the trouble in Colorado his
report says:

"The coal companies dominate the
politics in those counties where the
mines are located. They have
brought about the election of the
judges, sheriffs, coroners and assess-
ors. They can do about as they
please so far as the law is concern-
ed. A mass of evidence was brought
out to show that they control the
political, social and economic situa-
tion. Jefferson Farr, sheriff of
Huerfano county, has been in office
for fifteen years. He is known as
the 'king of Huerfano county'.
What he says goes—as one of his ad-
mirers put it to me. It is not what
he says, however, but what the coal
companies say. These companies
have secured his election as well as
that of other officers and they con-
trol them."

Further the report says:
"It is impossible to enforce the
law and the courts are practically
closed to those who in any way in-
cur the enmity of the coal compa-
nies; thus economic justice is denied
the men through the manipulation
of political affairs."

"Thirty years of such oppression,
industrial, social and political, have
taught the miners that their only
hope is in the unions. An individual
counts for nothing; if he protests
he loses his job; if he makes too
much trouble he is dealt with by
hired gunmen, who are kept at the
mines to do the will of the compa-
nies and help enforce the law
against the workers."

Of the actions of the militia, the
Rev. Mr. Atkinson informed the
commission as follows:

"The soldiers were gladly re-
ceived by the strikers, for they ex-
pected they would have some pro-
tection but their hopes were in vain.
It soon became evident that the mi-
lita was under the control of the
coal companies."

"Men and women were thrown
into jail without any charge being
lodged against them and held in-
communicado."

"The constitution of the state was
set aside. They met and escorted
strike breakers who were brought
into the state. The militia instead
of aiming to maintain order and
secure justice, was used to break
the strike."

HOW TO TEACH ALENS IS TOPIC

Albany, N. Y., Nov. 23.—The
problem of the education of the
immigrant in America will be the
topic of discussion at the conven-
tion of the New York State Teach-
ers' association, which opens here
tomorrow. Tomorrow's session will
be given over entirely to the sub-
ject, for the association officials
believe the work is hardly begun and
that the serious nature of the prob-
lem is scarcely realized. Albert
Shiels, formerly superintendent of
evening schools in New York City,
will preside.

CHICAGO OPERA OPENS.

Chicago, Nov. 23.—The Chicago
Grand Opera company opens to-
night for ten weeks of opera, this
being its fifth consecutive season.
Cleofonte Campanini is the direc-
tor-general. German opera will have
a larger place in the repertoire. Ma-
dame Eddythe Walker, an Ameri-
can, is with the company, and Mme.
Schumann-Heinecke will sing roles
which made her famous.

NOTICE.

Sealed proposals will be received
by the Commissioners of Road Dis-
trict No. 6, Morgan county, Illinois,
at the office of the County Super-
intendent of Highways until two p.
m. November 27th, A. D. 1914, for
the construction of one 60 span steel
bridge. Plans and specifications may
be seen at the office of the
County Superintendent of Highways
Jacksonville, Illinois. Proposals
must be accompanied by a certified
check for 10 per cent of the amount
of the bid. The Commissioners re-
serve the right to reject any or all
bids.

REVIVAL SERVICES.

Rev. Ben Johnson of Ashland is
conducting a series of meetings in
the Baptist church in the Union
Grove neighborhood, in the south-
ern part of the county. This is the
third week of the series and the
meetings are growing in interest,
and much good is being accomplish-
ed.

CHICAGO BREWERS PROFIT

Chicago, Ill., Nov. 23.—It is charged
by retail liquor dealers that the
new war tax, as applied to beer, has
greatly increased the profit of brew-
ers, for the saloon men charge the
brewers are adding 75 cents a bar-
rel, over and above the war tax, and
that the retailers are compelled to
pay it to them.

FLORIDA CANAL MEN MEET.

Stuart, Fla., Nov. 23.—The East
Coast Canal association held today
its annual meeting and the pro-
posed work of the association was
discussed by many prominent Flori-
dians who are interested.

WOMAN'S PLUCK EXPOSES A VOTING FRAUD.

Mrs. W. S. Lane, a Prominent Club
Woman, Caused Arrest of Two
Men.

Kansas City, Mo., Nov. 23.—
Through the pluck and hard work
of a Kansas City woman, two men
will tomorrow face trial on the
charge of attempted fraudulent vot-
ing. With a woman's wit and per-
sistence, Mrs. W. S. Lane, a promi-
nent clubwoman of Highland ave-
nue, detected the alleged fraud all
by her own efforts and brought the
men into the arms of the police.

Not only did she cause the arrest
of two men who were about to vote
illegally, but her act so completely
scared others that she prevented
the casting of at least seventeen
other illegal votes, she claims.

Mrs. Lane set about the job meth-
odically. On a pretext she went to
a rooming house on the North Side,
from which house twenty-seven
names were registered on the voting
list. She found that only ten of
the twenty-seven actually lived
there, and that some of the men
registered had not lived there for
five years.

She was on hand when the polls
opened on Nov. 3. A big, rough,
unshaven man was asked by Mrs.
Lane to sign an affidavit, which he
did with a flourish, but on compar-
ing it with the signature in the poll
book, she found the two differed. He
gave the name of E. J. Turner.
Then Mrs. Lane called a policeman
and Turner was arrested. Mrs.
Lane's next capture was B. P. For-
ney, by the same means. But there
was no policeman at hand, so she
grabbed the man and held him,
while he struggled trying to break
away. Finally a policeman hove in
sight, just as the unequal struggle
was beginning to tell on the plucky
woman.

MAUVAISTERRE CHANNEL.

The dredge boat that is cutting
the channel through the Mauvaisterre
bottom is making good pro-
gress, and is now at a point con-
tiguous to the farm of Fred Baptist, one
mile west of the road to the County
Home. Bids have been asked for
furnishing a steel bridge over the
creek where the old wooden struc-
ture stood on the road to the County
Home.

MISSOURI POULTRY EXHIBIT.

The Missouri poultry and pet
stock exhibition opens today in the
Coliseum building at the intersec-
tion of 23d and Washington streets,
St. Louis, and will continue through
the week. There will no doubt be
a fine showing of poultry and pet
live stock, as the number of entries
is limited to 5000 for poultry and
to 2000 for pigeons.

Judge D. T. Heimlich is one of the
six experts who will award the prizes.
He will award on Buff Rocks,
S. C. and R. C. Brown Leghorns,
Bantams and Ducks.

CARROLLTON HAS 9 MILES OF SEWER

Carrollton, the busy little capital
of Greene county is to be congrat-
ulated upon the construction of a
sewer system which was excavated
and the pipe laid by Driscott and
O'Brien of Decatur who made use
of a trench machine which dug to
a depth of 12 feet, and one that
had a capacity for a 22 foot depth.
Work began Aug. 15 and was com-
pleted Nov. 10. The total length of
pipe laid was 8.9 miles. The work
was done under the supervision of
the Caldwell Engineering Co., of
this city.

JUSTICE COURTS.

The case of the People vs James
Leake, charged with burglary and
larceny, was continued in Squire
Dyer's court until December 3. The
complaint was made by Walter Bran-
ner and Mr. Leake is charged with
breaking into a shed and taking a
dog from the Branner residence.
Quite a large number of people
were in the city Monday to hear the
trial and the following witnesses
for the plaintiff were present: Wal-
ter Branner, George Taylor, Charles
Branner, Austin Smith, Ezekiel Dan-
iels, Thomas Lacey, William Had-
den, J. O. Kennedy, Charles Wilkie,
Samuel Challoner, Edward Ward,
Carl Beddingfield, Herbert Challoner
and M. Shoemaker.

CELEBRATES TWELFTH BIRTHDAY

Hazel Becker celebrated her
twelfth birthday at her home in Lit-
terberry Saturday afternoon. Thirty-
four boys and girls were present
and the hours from 2 until 4 were
very pleasantly spent in playing
games. During the afternoon re-
freshments were served. She was
the recipient of a number of beau-
tiful presents.

PLAIN QUESTIONS TO JACKSON- VILLE PEOPLE.

Every Jacksonville Reader Will Ad-
mit the Soundness of the Logic.

Would Jacksonville people recom-
mend Doan's Kidney Pills as they do
if the medicine were not reliable? Would they confirm their statements
after years have elapsed if their ex-
periences did not show the remedy
to be deserving of it? Statements
like the following must carry con-
viction to the mind of every reader.
John Minter, 423 South East St.,
Jacksonville, says: "I gladly recom-
mend Doan's Kidney Pills, as I know
them to be worthy of praise. I have
been telling of my experience with
this remedy for many years. I took

RAILROADS WILL AID IN DISTRIBUTING IMMIGRANTS

Officials Have Awakened to Oppor-
tunity for Securing Settlers along
Their Lines.

Chicago, Nov. 23.—Every rail-
road in the south and west will co-
operate with the government in dis-
tributing the millions of immi-
grants which are expected to come
to America when the European war
subsides.

The Norfolk and Western has of-
fered 14,000 acres which the com-
pany owns in Virginia, and many
other lines will follow suit, for the
railroads have awakened to the op-
portunity to increase the settle-
ments along their lines. The Atch-
ison and Great Northern are large
owners of land in the West, and are
considering plans for opening the
land on easy terms to the alien farm-
ers.

According to James J. Hill, the
plan depends for success on the
class of immigrants that will come.
While there are many difficulties to
be encountered in reaching a basis
of distribution which would appeal
to the aliens and at the same time
be equitable to the stockholders of
the railroads, there is much opti-
mism expressed by railroad men.

The immigration flow has fallen
off 75 per cent since the opening
of the European War, but a flood
of new comers is anticipated as
soon as the stricken peoples can get
accommodations on the trans-atlan-
tic liners.

The United States Government
realizes the seriousness of the situ-
ation, and is already planning to
take care of the immigration, par-
ticularly with a view to turning it
away from the cities and industrial
centers and placing it where it is
most needed, on the farms.

The railroad men, through the
Railroad Development Association,
will cooperate with the government
scheme, which includes the utiliza-
tion of the agents of the Depart-
ment of Agriculture, the immigra-
tion officials at ports of entry, and
the postoffice department. The
postoffice department will be utilized
for the collection of information
both from the employers and from
those who want work. This infor-
mation will be available both locally
and at the ports of entry, and the
needs of the farmers and the
opportunities in rural districts will
be met, as far as possible, by this
cooperative effort.

RAY COPPAGE AND MISS HAZEL FELLOWS TO WED AT CANTON

Ceremony is to Take Place at Home
of Bride Thanksgiving Day at
Noon—Will Reside in this City.

Mr. Ray Coppage and Miss Hazel
Fellows, both of this city, are to be
married Thursday at noon at the
home of the bride-elect's parents,
one mile west of Canton. The
ceremony is to be performed by
Rev. Mr. Denham, pastor of the
Christian church at Canton.

Miss Fellows is a daughter of Mr.
and Mrs. Samuel Fellows and re-
ceived her education in the schools
at Canton. She has been a resident
of Jacksonville for some four years
and for some time has held a position
as operator at the local office of
the Illinois Telephone company.

Mr. Coppage is a son of Mr. and
Mrs. George Coppage of Mt. Sterling
and for the past six months has
held a position as night man at
the Ballard-Johnson restaurant at
the local Wabash passenger sta-
tion. Both of the young people
have a wide circle of friends in this
city and in their home towns who
will extend congratulations.

After a wedding trip they will re-
side at the local Wabash Hotel for a
time. Miss Mildred Coppage of
Peoria, a sister of the groom-to-be,
will attend the wedding.

GIRLS HOLD HUSKING BEE

Members of Clio Circle of Litter-

of Corn.

Twelve girls of the Clio Circle of
the Litterberry Christian church held
a husking bee Monday afternoon.
Albert Crum agreed to give the
young ladies a load of corn, pro-
viding they would husk it, and they
did the work in one hour. The corn
was hauled to Litterberry where it
was sold at auction by Bert Ol-
royd for \$22.49. The load consisted
of forty-seven bushels and was
purchased by Elmer Henderson.

Sunday.

Saturday was the 12th birthday
of Hazel Becker of Hackberry Hill,
and Mrs. Becker invited all the
children in and around Litterberry
to come in and help celebrate this
wonderful event. Thirty four were
present and enjoyed the hours from
2 until 5 o'clock p. m. They played
all kinds of games, until they were
tired, then Mrs. Fred Henderson
of "Hill Brook" gave a splen-
did reading which the children pro-
nounced good. Mrs. Becker under-
stands children's desires, having
three sturdy boys besides this twel-
ve year old Hazel, so she prepared
some excellent refreshments and at
the proper time the children were
waited upon and all did justice to
the feast. Hazel received nice pres-
ents. Who will be the next to have
a birthday?

Mr. and Mrs. J. A. Litter of "Or-
chard Place" entertained at a 12
o'clock dinner Sunday the follow-
ing: Mr. and Mrs. Durrell Crum,
Mr. and Mrs. Ona Crum, Mr. and
Mrs. Earl Underbrink and Mildred,
Mr. and Mrs. John Daniels and Har-
old Lee, Mr. and Mrs. Ed Litter,
Mr. and Mrs. Abram Dinwiddie and
children.

Mrs. C. W. Phelps of "Breezy

Tuesday evening.
George Wolke, of Jacksonville,
was demonstrating a new 1915 Mit-
chell car in Litterberry Wednesday.
It was the prettiest and handiest

The revival at the Baptist church
is growing in interest. Evangelist

"Oh, these
pancakes are sublime," brightly cries Josiah Fiddle;
"mother, in the
olden time, thought that she could wield a griddle;
she was always getting praise, and deserved it, I
maintain; but she, in her palmy days, couldn't touch
you, Sarah Jane. Oh, the king upon his throne for
such fodder surely aches; you are in a class alone
when it comes to griddle cakes." Then upon his shif-
fing dome he adjusts his lid and goes, and his wife
remains at home, making pies and things like those.
She is stewing luscious prunes, in her eye a happy
tear and her heart is singing tunes, such as angels
like to hear. Over and over she still repeats all the
kindly words he said, as she fixes further treats,
pumpkin pies and gingerbread. When the evening's
growing gray, following the set of sun, "This has
been a perfect day," murmurs she, her labors done.
Perfect nearly all the days of our loved ones we'll
might be, if with words of honest praise we were

Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would clamp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

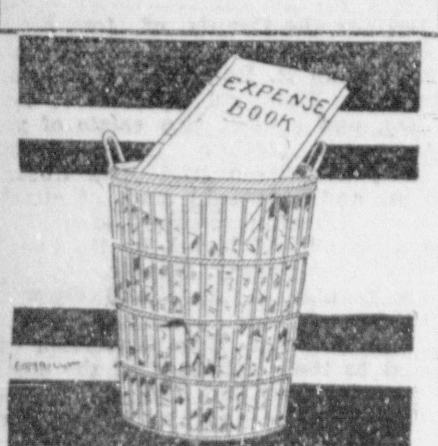

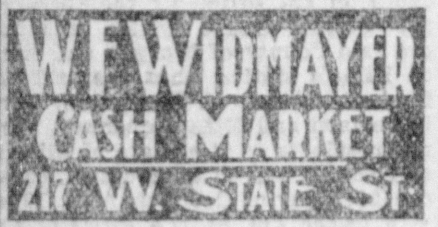

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

LITERBERRY CASE OCCUPIES COURT'S ATTENTION

Jury Chosen and testimony Being Taken in Case Against Frank Watson and Edward Smith—Robert Williams Sentenced to Reformatory—Johnston Rape Case Dismissed.

The case of the people of Illinois vs. Frank Watson and Edward Smith, charged with burglary and larceny, occupied the attention of Judge Creighton in the Morgan county circuit court most of the day Monday. This action is the result of the robbery of the Joseph Literberry store at Literberry on the nineteenth of last June.

The regular venire called for the third and fourth weeks was exhausted in the attempt to secure jurors in this case and a special venire of twelve men was called before the jury was completed.

The regular venire called for the third and fourth weeks consists of W. J. Wood, Alexander; W. W. Henderson, Arcadia; J. H. Sevier, Centerville; Thomas Foster, Charles Cussins, Franklin No. 1; John F. Smith, Franklin No. 2; Austin King, William Craddock, Richard Leary, S. Sturgeon, Edward Mayory, W. H. Suydan, Frank Haman, B. C. Pyatt, E. Blackburn, Thomas Mandeville, Charles Massey, Jerome Rollins, C. L. Starks, William Eads, T. E. Schofield, LeRoy Ticknor and Walter Blue of Jacksonville; Jerry Flynn and Harry Stainforth, Lynnville; Samuel Dunn, Mercedosa; W. B. Worrell, O. N. Angelo, W. S. Riggs and George Hayes, Murrayville; G. C. Whitlock, Nortonville; William Malan, C. A. Hall, Al Robinson and John Flanagan, Waverly; Joseph Worrell, Woodson. Of this list B. C. Pyatt, Charles Massey and William Eads were excused from service.

The special venire which was called to complete the jury was composed of the following: George Cox, James Vossler, H. L. Chaney, William Cocking, O. A. Keemer, William Towers, Warren Fanning, W. D. Harkleroad, C. F. Mathew, W. A. Pike, Charles Cully and J. W. Priest.

The jurors chosen to consider the Liter case were Austin King, William Craddock, Frank Ham, C. L. Starks, Harry Stainforth, W. S. Riggs, William Malan, C. A. Hall, John Flanagan, William Towers, C. F. Mathew and W. A. Pike.

Joseph A. Liter, who is the owner of the store robbed in Literberry, was the first witness for the prosecution. He told of the discovery of the robbery the morning of the nineteenth of last June, of the condition in which he found the store on that morning and of his conversation with the defendants after they had been arrested by Sheriff Rogers. The witness asserted that the defendant, Frank Watson, had asked at that time, "Do we look like the lads you are looking for?" Mr. Liter answered that he did not know just who he was looking for, whereupon the defendant, Watson, is said to have answered, "Well, I guess we are, alright." The witness accompanied Sheriff Rogers and Deputy Sheriff Andrews into Jacksonville with the prisoners and joked with them concerning the robbery on the way to the city.

John D. Underbrink, son-in-law of Mr. Liter, was the next witness called. He also told of the condition of the store on the morning following the robbery and how he and Ernest Young of Literberry had discovered the defendants in a thicket south of the village.

John Daniels, a young farmer of the Literberry neighborhood, testified to giving the older of the defendants, Frank Watson, his breakfast on Sunday morning before the robbery is alleged to have been committed. Mr. Daniels said that he saw Watson, after he had been arrested and was in Sheriff Rogers' charge, and that the defendant recognized him.

Ernest Young, an implement dealer of Literberry, next took the stand and told how he and Mr. Underbrink had discovered the defendants south of Literberry.

Orville Crum, who resides near Literberry, told of tracing footsteps of two men in the dusty road passing his residence, a road little used. Mr. Mullens, who works for Mr. Crum, found a package of one dozen ladies' handkerchiefs supposed to have been stolen by the defendants and gave them to Mr. Crum.

At the opening of the trial Attorney J. W. Butler, for the defense, moved that all witnesses be excluded from the court room until their

testimony had been taken. The judge so ordered, the order to include all court officers whose testimony was desired by the prosecution.

Sheriff Rogers was next called to the witness stand and Attorney Butler announced that the defense would protest all testimony given by the sheriff on the ground that Mr. Rogers had been sitting near a door adjoining the court room and had heard all of the testimony given by the previous witnesses. When asked concerning this the sheriff stated that he was not present when the judge had ordered all witnesses excluded from the room and knew nothing of the order. Attorney Butler's protest was finally overruled as it was shown that no intentional attempt had been made to evade the court's order, the judge ruling that the jury should take into consideration the fact that the sheriff had heard the previous testimony and might discount his testimony if they thought fit.

Sheriff Rogers told of receiving word of the burglary at Literberry and that he responded, taking with him Deputy Sheriff Andrews, Weatherford and Kettering. The witness told of the capture of the defendants in a thicket south of the village of Literberry by Deputy Sheriff Andrews and Mr. Murray of Literberry. He said that the defendant, Edward Smith, was wearing three shirts when arrested, and when asked why he was wearing so much clothing answered, "To keep warm." The defendants were captured in June, the weather being very warm at the time.

At the conclusion of the sheriff's testimony Judge Creighton adjourned court until 9 o'clock this morning. The jury was allowed to separate for the night.

**COUNCIL ASKED TO PROTEST
AGAINST CROSSING BLOCKING**

City of Decatur Makes Suggestion—Planning For More Wells.

The city council held a regular session Monday which was brief indeed. After the reading of the minutes a communication was read from Mayor Dineen of Decatur calling attention to the fact that a resolution had been prepared there to be placed in the hands of each member of the Illinois general assembly calling attention to the practice of blocking crossing with freight trains. There is a law covering this matter but the Decatur officials believe that if several cities join in a protest that the law can be so amended as to be improved and form a more certain protection to the people.

There were no formal reports from departments, but Mr. Brennan told of a proposition he has from M. R. Hudson, an experienced well driller who lives in the city. Mr. Hudson is willing to use the city's machinery and contract for additional wells on the Widenham and Dand land, or he and his son will work for the city at a monthly salary. Mr. Brennan is in favor of sinking more wells and the men in the water department are able to do the work, but if extensive well drilling is to be done it will be necessary to secure additional men for the water department if the regular men were to do the drilling. Life therefore believes that if satisfactory terms can be made that it would be better business policy to secure men to do the drilling and continue the regular employees in the work in which they are engaged. After discussion of some other matters the council session was adjourned.

AUTO TURNED OVER.

Eldon Gruber, Joseph Doyle, Frank Wiggenjost and James Longman made a trip Sunday to Springfield to attend a meeting of the K. of C., at which several candidates were to be initiated. The trip was made in an auto and as the party was passing along the road near Antioch church, they discovered an overturned automobile, with a middle aged gentleman and two younger ones standing by the machine apparently in a helpless condition. The Jacksonville party stopped and assisted in placing the overturned auto on its wheels. The gentlemen who met with the disaster were returning to their home in St. Louis after a visit in Springfield. The road at the point where the accident occurred makes an abrupt turn and the driver of the auto thinking the road was straight, did not have room in which to make the turn, and the accident occurred. No one was hurt. The machine was crumpled up all right, and it was believed they got away on their trip without other difficulty.

HIGH SCHOOL HEATING PLANT NEARLY FINISHED

Slow Fire Can be Built Today and Apparatus Will be in Full Running Order for Monday.

The material for the smoke pipe at the high school heating plant which has been awaited for a number of days arrived Saturday and Kellogg Bros., put a force of men to work immediately with the result that the heating plant is now practically finished. A fire will be built under the boilers today but the plant cannot give capacity heat until Saturday morning. The school will have the regular vacation from Wednesday afternoon until Monday and this happens at a very opportune time as the plant can thus be in full running order after the present week. Both buildings can be heated next Monday.

The effort to have the school building sufficiently warm for the pupils has been a great source of worry to the faculty and to Chairman Wells of the high school committee, and it is naturally a matter of great satisfaction that the trouble is now about over. The use of engines in the street has kept the building warm, but there has been a constant fear that some one or more pupils might take cold leading to some other ailment and that whether or not it was correctly chargeable to the heating of the building, that would naturally be looked upon as the cause of the trouble.

WAR DEPARTMENT OFFICIALS NOT FREE WITH INFORMATION

Proposed Congressional Investigation of Military Situation in U. S. Not Progressing.

Washington, Nov. 23.—War department officials possess no information which they feel free to disclose as to the state of the nation's defenses which have not already been made public, according to a letter addressed by Secretary Garrison today to Representative A. P. Gardner of Massachusetts. Mr. Gardner introduced a resolution providing for congressional investigation of the military situation in the United States at the last session and had written the secretary regarding his appearance as witness during the proposed hearing. Mr. Garrison's letter says in part:

"I note that you express the hope that I will be the first witness before the committee, that Assistant Secretary Breckenridge will likewise consent to give his testimony and that you have invited a number of army officers to testify. I do not think it seems for me to offer myself to the committee, nor do I believe that the assistant secretary would think it proper for him to do so and I feel sure that officers should not place themselves in the position of volunteering information or views to congress or one of its committees. I am not as you must be aware, standing on any question of technical procedure or insisting on any particular form of red tape methods. I am simply endeavoring to do what seems to me to be the only wise and proper thing to do in any matter between one of the departments and congress. Whomsoever and whatsoever the committee expresses a desire to have from these departments will be immediately and fully furnished. Until otherwise advised I will not offer myself to the committee or approve of anyone else under me doing so.

"With respect to your suggestion that the testimony of myself and the officers will disclose a state of facts so astonishing as to challenge the attention of the country, I can only say that practically every fact which I or any officer would feel free to disclose is now available to the public and has been for a long time. I do not know of any fact which it is necessary to consider in order to reach a wise conclusion that is not the subject of the reports or communications readily obtainable by you or by anyone else interested in the subject matter."

EXPERIENCES OF NOBLE WOMEN IN EUROPE.

The horrible experiences that many noble women in Europe have endured during past few months can never be all told. Here in America many women, both young and old, have experienced much misery and suffering.

Middle aged women about to experience that dreaded change of life should profit by the experience of thousands of noble women who have gone through the same period with little or no pain, misery or discomfort.

Dr. Pierce's Favorite Prescription is and has been for over 40 years just the medicine that every woman needs when passing through the changing days. It is not a secret prescription, for its ingredients are printed on the wrapper; it's a temperance medicine.

Not only does it build up the entire system and make it strong and vigorous enough to withstand the organic disturbances, but it has a quieting effect upon the feminine organism that reduces the distress to a minimum. For any womanly ailment, disease or complaint, no matter of how long standing, we advise anxious women to get Dr. Pierce's Favorite Prescription in either liquid or tablet form.

NO CHARGE FOR THIS BOOK.

If you will send 20 cents, or stamps, to pay for wrapping and mailing and enclose this notice, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., will send you a revised copy of his Common Sense Medical Adviser, in cloth binding, 1008 pages, with color plates. Just what you need in case of sickness or accident. Treats of Physiology, Anatomy, Sex problems, Marriage relations, Hygiene, Exercise, Disease and its prevention.

THE REAL JOHN BUNNY COMING.

John Bunny, the famous comedian with the \$50,000 face who will personally appear at the Grand Friday night is literally, the fun maker with a billion friends. Those who know him in person like him even better than the countless thousands who know him on the screen.

There has never been an incident in Bunny's whole career to bring unpleasant notoriety to him. He has been married but once and his home life is ideal. Mrs. Bunny usually travels with him. They have two children both of whom are boys. The Bunny home in Flatbush, a suburb of Brooklyn, is one of the most magnificent in the borough. It is almost within walking distance of the Vitagraph Studios where the Bunny movies are posed and photographed. Mr. Bunny, one of the founders of the Screen Club, is the Vice-President of that exclusive New York organization, which is to the film world what the Players Club is to the theatrical profession. Bunny has a personal we well as a professional following. He was a clever actor long before he began to be pictured in the movies.

Among his successes of the legitimate stage were his characterization of Bottom in "A Mid-Summer Night's Dream," which he played to the Puck of Annie Russell; his caricature of the English brewer in "The Lightning Conductor" with Herbert Keely and Effie Shannon and his immortal New England type, Seth, who was forever drinking "long life bitters" in "Wav Down East."

Blood Sufferers**Want to Know**

The Light is Turned on to a Subject of Darkness.

The mere fact that S. S. S., the famous blood purifier, drives out disease is a world's story, a topic of conversation wherever men get together.

They wonder why, simply because most remedies are mystified and put before them as "discoveries." The facts are that we pay too much attention to possibilities and not enough to real, homespun accomplishments. S. S. S. is a remedy of our fathers. It has a history that is written deeply in men's minds because it has done the work, driven out deep seated disease, revived hope, put the O. K. on appearance and clamped down tight any effort of germs to get the upper hand. Any sore spot on the skin is an immediate demand for S. S. S. since the first principle of the famous remedy is to strike out for place of trouble. This is a physiological fact and S. S. S. is true to the workings of our body.

Get a bottle of S. S. S. today at any druggist and begin blood health. It will master any blood disease and do it in a way to emphasize its influence. And if you would like definite advice write The Swift Specific Co., 55 Swift Bldg., Agents, Ga. Their medical department is where most people first seek advice that points them on the straight road.

GERMAN SUBMARINE RAMMED AND SUNK BY BRITISH PATROL BOAT

U-18 Founders Off the North Coast of Scotland After Being Rammed By A Patrolling Vessel—German Destroyer Sunk—Other War Notes

London, Nov. 23.—The secretary of the admiralty announces that the German submarine boat U-18, which was reported off the north coast of Scotland this morning was rammed by a British patrolling vessel and foundered.

Only One of Crew Drowned.
The patrolling ship rammed the submarine at 12:20 o'clock this afternoon. The U-18 was not seen again until 1:20 when she appeared on the surface flying a white flag. Shortly after this she foundered just as the British destroyer Garry came along side. The destroyer rescued three officers and twenty three of the submarine's crew, only one being drowned.

The names of the German officers rescued are Captain Lieut. Von Henning, Engineer Lieut. Sprenger and Lieut. Neuberger.

German Destroyer Founders.
London, Nov. 23.—A despatch to the Exchange Telegraph company from Copenhagen says the Danish Steamer Angelande collided last night in the Ore Sund with the German torpedo boat destroyer S-124 which foundered.

Two German sailors, according to the correspondent were rescued by the steamer seriously injured but succumbed to their injuries. The remainder of the crew of the destroyer were drowned.

The German Torpedo Boat Destroyer S-124 was built in 1902. She was of 6,500 horse power and had a speed of 28 knots. She carried a crew of about sixty men.

100,000 Americans Offer Service.
Ottawa, Nov. 23.—One hundred thousand men in the United States have offered to enlist in Canada for service in Europe according to Major General Hughes, Canadian minister of militia. He made the statement to the Canadian club today in reply to questions regarding the theory that Germans in the United States might attempt a raid across the border.

French Official Statement.
Paris, Nov. 23.—The following official communication was issued tonight:
"Today as yesterday, there was cannonading in the north in the direction of Soissons and Rheims. In the Argonne there were violent attacks by both sides which, however, were without results."

Tells of Aeroplane Raid.
London, Nov. 23.—Details of the aeroplane raid on the Zeppelin factory at Friedrichshafen which British officers assert inflicted serious damage were given in the House of Commons this afternoon by Winston Spencer Churchill, first lord of the admiralty.

"On Saturday," said Mr. Churchill, "the aeroplanes, under the direction of squadron commander E. F. Briggs of the naval air service with flight commander Babinington and flight Lieut. Sippe, flew from French territory to the Zeppelin airship factory. All of three pilots flew down to a close range under heavy fire from anti-aircraft guns and rifles. They launched their bombs in accordance with instructions. Commander Briggs is reported to have been shot down and to have been taken to a hospital as a prisoner. The others escaped safely to French territory although their machines were damaged by the fire of the enemy. They report positively that all of the bombs reached their objective and that serious damage was done to the Zeppelin factory."

"This flight of 250 miles penetrating 120 miles into Germany across a mountainous country under difficult weather conditions, constitutes together with the attack a fine feat of arms."

Captain Returns as Stoker.
Amsterdam, via London, Nov. 23.—Captain Aye of the auxiliary cruiser Kaiser Wilhelm der Grosse which was sunk off the west coast of Africa by a British cruiser the latter part of August has been decorated with the "iron cross of the first class." In a statement made to the Berliner Tageblatt Captain Aye says he managed to return to Germany as a stoker on a neutral vessel.

A despatch from Las Palmas, Canary Island, on Nov. 12th, said that ten officers from the Kaiser Wilhelm der Grosse who were on parole had escaped in a Dutch steamer. They were disguised as firemen. The men had been lodged on a German steamer moored in the harbor at Las Palmas.

Crown Prince Improving.
Amsterdam, Nov. 23 (via London).—Prince August William (fourth son of the German emperor), who was injured in a motor car accident, is improving but complete recovery

will take a long time," says the Berlin correspondent of the Telegraph. The correspondent adds:
"The reports that the Crown Prince has been wounded are unfounded."

London Casualty List.
London, Nov. 23.—A casualty list dated Nov. 20th, made public tonight gives the names of five officers killed, eight wounded and one missing.

Will Meet Santa Claus Ship.
London, Nov. 23.—In order to emphasize the government's appreciation of the gifts which the people of the United States are sending in the Santa Claus ship Jason, the government has decided to have one of its members, the Earl of Beauchamp, first commissioner of works, meet the vessel on its arrival and welcome the American commissioners and receive the toys intended for British children. The Earl of Beauchamp will be accompanied by Francis Dyke Acland, parliamentary under-secretary for foreign affairs. They will leave London for the port of the Jason's arrival Wednesday morning and will entertain the American commissioners and officers of the Jason at dinner.

From Marquis of Crewe.
London, Nov. 23.—The official press bureau tonight made public the following communication issued by the Marquis of Crewe, secretary for India, dealing with the British military operations at the head of Persian gulf and in East Africa.
"The recent operations in the Persian gulf have been crowned with even greater and more rapid success than was anticipated after the signal defeat inflicted upon the Turkish forces on Nov. 15 and 17. The latter abandoning all further resistance here, fled, leaving eight guns and many wounded in our hands. The Valls of Basra and Bagdad accompanied the defeated Turkish forces in their flight up the Tigris river."

"Basra (a river port on the Shatt-el-Arab, 60 miles from the Persian Gulf) was occupied on the twenty-first instant by our naval and land forces. All the British in Basra are reported safe."

"In East Africa, it appears from the latest information, that a German railway terminus was reported weak. On the evening of Nov. 2, one and a half battalions landed within two miles of the place and became heavily engaged just outside the town. But as the enemy were in much superior strength the force was compelled to fall back and await reinforcements."

"At 11 a. m., the 17th, the attack was commenced afresh. In spite of heavy casualties the 101st grenadiers actually entered the town and crossed bayonets with the enemy. The north Lancashire regiment and the Cassimie rifles on the right pushed in under a very heavy fire and also reached the town. They found themselves opposed by tiers of firing from the houses and were eventually compelled to fall back to cover 500 yards from the enemy's position."

"The losses were so heavy and the position so strong that it was considered useless to renew the attack and the force reembarked to return to its base to prepare for future operations."

"From recent reports just received the total casualties in this unsuccessful operation were 795, including 141 British officers and men."

"The wounded are mostly doing well."

The official press bureau adds that the above casualties were included in the statement recently made by Lord Crewe in the House of Lords.

Now Located in Juilly.
Paris, Nov. 23.—Mrs. Harry Payne Whitney's flying hospital is located for the present in the College of Juilly, a famous institution dating from the sixteenth century in the town of Juilly, not far from Compiegne. Dr. Walton Martin and his seven assistant surgeons, all of New York and fifteen nurses today were setting up the hospital of 200 beds. This is one of several auxiliary units of the American hospital in the field. Robert Bacon, former American ambassador to France arranged with the French military authorities for the site.

Mr. Bacon today was elected a member of the American ambulance board. A report submitted shows that the cost for each patient per day in the American ambulance will be less than ten francs, as all the services of staff of upwards of 300 surgeons, nurses, orderlies and managers are given free. There are now 350 patients in the hospital. General Ferrier, chief sanitary inspector of the French army, says it is one of the most perfect hospitals in Europe.

Will Be Expressions of Good Will.
Bordeaux, Nov. 23.—via Paris.—A semi-official communication announcing the intention of the government to participate in the Panama-Pacific Exposition, says that this country's participation will be an expression of the good will of the French toward the United States and that it is the desire of France to draw yet closer the bonds connecting the two great republics.

The communication says that Myron T. Herrick, the retiring American ambassador to France, recently expressed an earnest desire to see France affirm again her sympathetic feelings toward the American people and today Charles C. Moore, president of the exposition in a message to Minister of the Interior Malvey referred to the immense satisfaction caused in the United States by the determination of France to be represented officially.

The communication sketches the character of the French participation and says that ample spaces have been allotted to French industry and to show the achievements in French art, science and engineering. It announces that the American government has placed at the disposal of the exhibitors a naval vessel which will leave a French port early in January to transport exhibits to the United States free of charges.

QUESTIONS AND ANSWERS.

(From Illinois Highways Publication)
Is it legal for township highway commissioners to enter into contract to purchase machinery, where the same will cost more than a township can pay out of one year's tax levy, same to be paid in two or three annual payments?

The Attorney General has held that township highway commissioners have no power under the law to make contracts except where there is sufficient funds available, or where a levy for some specific purpose has been made.

To avoid all possible chance for any controversy, we would suggest that an election be called for this specific purpose, or voted on at the spring election, thereby not only eliminating the question of legality, but also giving the people of the township a chance to express their opinion on this question.

We had a road narrowed to 50 feet by the order of the township commissioners and this is going to be quite an inconvenience to a large number of people as the new fence will come into the road and shut off the old foot-path. Is the order of the highway commission final?

H. A. K.
The highway commissioners had the legal right to order the width of this road reduced to 50 feet if the requirements of the law were followed as outlined in Article 6, Subdivision 6, of the revised Road and Bridge law. The order determining this reduction would not be final if any interested person appealed their decision to the county superintendent of highways within 10 days after the final notice to reduce the width of the road had been given. The decision of the county superintendent of highways on the appeal would be final, whether his decision was the same as the commissioners or the reverse.

As it is necessary to have public hearings on the petition to reduce the width of a road, the people interested should attend these meetings to present their arguments so that the commissioners may decide the question for the greatest good.

What percentage of Illinois roads are classified as hard roads?

W. J. H.
From the best information obtainable about 10 per cent of Illinois roads are classified as hard roads. This includes all the macadam, brick and concrete roads which have been constructed in this State. Included in this small percentage of the total mileage are many roads which were built many years ago and have never been kept in good repair so that they are badly indeed of being rebuilt.

The State Highway Commission expect to compile information in the near future which will show the kind and condition of all roads in the State. This data is now being obtained by the county superintendents of highways in the different counties, and it will be tabulated and published as soon as it is all received.

(1) How many miles of State aid roads will be completed during the present year?

(2) How much State road work is to be done in 1915?

W. B. M.
(1) Contracts have been awarded for approximately 90 miles of State aid roads and it is desired by this department that all of this work be finished during the present year. Weather conditions may postpone the completion of a small part of this work, but the larger part of the roads will be in use by November 15.

(2) After the completion of the State aid road work this year there will be approximately \$600,000 of State money available for work next year, which with an equal sum from the counties will allow a total State aid road work of \$1,200,000. It is not known what the next legislature will appropriate for State aid road purposes, but it is hoped that the appropriation will be sufficient to allow State aid road work to be carried on faster than ever before.

Can county supervisors abolish office of county superintendent of highways without losing State aid, and what would be the result of such an effort?

R. E. R.
The law provides that any county superintendent may be removed from office by the county board of his county for neglect of duty, incompetence or malfeasance in office.

In case the county superintendent of highways is removed from office and no successor is appointed, no State aid can be secured from office and no successor is appointed, no State aid can be secured nor can any contract be made by the townships or road districts for any road

or bridge purpose which amounts to over \$200.00.

The law specifies that a county superintendent of highways shall be appointed for each county, and does not give the county boards the power to decide whether they want a county superintendent. In order to comply with the law and to do effective work in roads and bridges it is necessary for a county to have a county superintendent of highways.

Will you please advise what steps are necessary to obtain a convict camp for hard road work?

R. P. K.
In order to obtain State prisoners for road work it is necessary to make application to the warden of the State Penitentiary, stating in detail the number of men desired, the length of road to be built and the estimated time required to complete the work, together with the time when the work should be started. It is not always profitable to employ the convict labor on short stretches of road, nor is it always possible to get these men on account of the demand for them being so great, but the warden will gladly go over the proposition with any road official and try to make satisfactory arrangements with you.

THE CHICAGO TRIBUNE OF '62.
Mrs. F. C. Coe of Edge Hill road has a copy of the Chicago Tribune of February 19, 1862. At that time the paper was published daily, tri-weekly and weekly, and unlike the Tribune of today the paper was nine columns wide, carried two columns of "new advertisements" on the first page and consisted of four pages.

As is the case today, war news occupied a great portion of the news space of the paper and nearly the entire first page was devoted to the siege of Donelson. A diagram of the fortifications around Donelson is also shown and among other things is an account of Grant's nomination as a major general being sent to the senate.

As a general rule paper is spoken of as being "yellow with age," but the case of this edition of the Chicago publication seems to be the exception which proves the rule, as the paper carries its fifty-two and one-half years lightly and has the appearance of being only a few months old.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"
Made From Fruit—Can't Harm Tender Stomach, Liver and Bowels.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves sick child tomorrow.

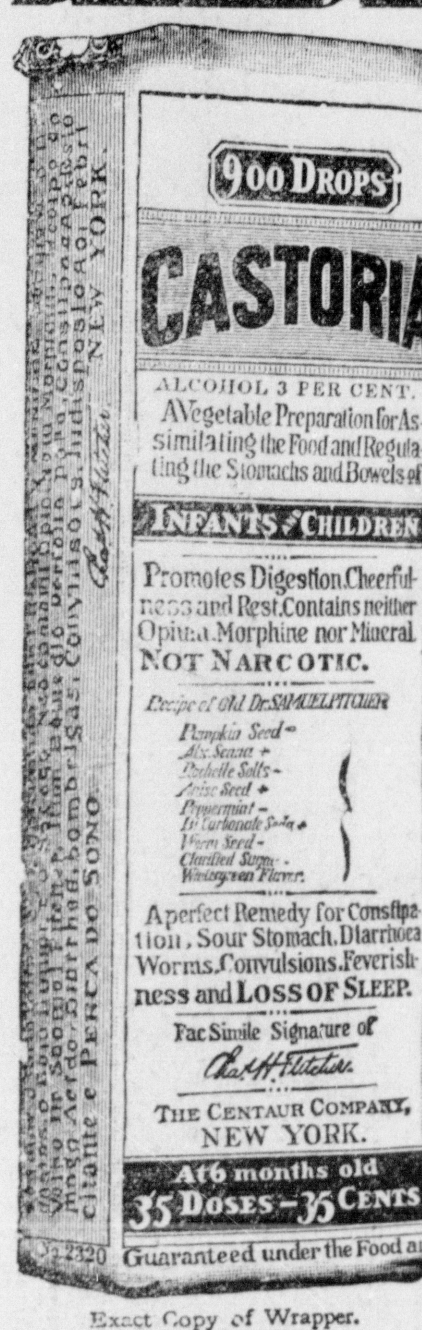

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

ILLINOIS MAN SUFFERED 15 YEARS; FIRST DOSE GIVES STOMACH RELIEF

F. A. Anderson Says Mayr's Remedy Makes Him Feel Like New Man.

F. A. Anderson of Custer Park, Ill., for many years suffered from stomach ailments, and took a great deal of treatment of various kinds. At last he discovered Mayr's Wonderful Stomach Remedy. The results he sought came immediately. In a letter telling of his experience he said:

"I took the sample dose of your remedy and the results were wonderful. I began to feel better right away. I have since taken two bottles of your Wonderful Stomach Remedy. I have been suffering more or less for the past fifteen years and doctored with a great many doctors, but could never get any relief until I took your medicine. Now I am feeling like a new man."

Letters like that come from hundreds and hundreds of people in Illinois and all over the country. This remedy is known everywhere. The first dose will convince—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operation; many are sure it has saved their lives.

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleanser ever sold. Mayr's Wonderful Stomach Remedy is now sold by leading druggists everywhere.—adv.

SOFT FLUFFY HAIR IS
FIRST AID TO BEAUTY

If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle, or full of dandruff, and if the scalp itches do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy, soft and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

Coover & Shreve, or any druggist can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give your hair the beauty and charm of youth.

MORTUARY

Taylor.

Mrs. Kate Taylor, wife of William Taylor passed away at the midnight hour Saturday night at the family residence a short distance west of Chapin. She was stricken with paralysis on Wednesday of last week, and lost consciousness which she never regained. On the following day she had another stroke similar to the previous one, and her strength diminished until the end came. Miss Kate Duckett was a daughter of Mr. and Mrs. John Duckett and was born in the State of Ohio in the year 1854 and at the time of her death she was 60 years of age. About 20 years since she was united in marriage to William Taylor. She is survived by her husband, William Taylor, her brothers Albert Duckett of Jacksonville, Jefferson Duckett of Chapin and three sisters, Mrs. John Hamilton of Chapin, Mrs. May Peters of Merritt and one sister residing in the vicinity of Decatur.

Funeral services will be held at 10 o'clock this morning at the family home west of Chapin, and interment will be in the Jordan cemetery.

HAD NARROW ESCAPE.

A lady who was tying her horse recently in front of a residence on North Church street, had a narrow escape. She had left the baby in the buggy and had started to tie the horse. About the same time a young man on a motorcycle came down the street in full speed with the cut out open. The lady wanted to get her baby out of the rig but presence of mind told her to get at the horse's head. The animal made a big lunge and got on the curbing and at the same time stepped on the lady's foot inflicting a bad bruise. For several weeks owners of motorcycles have been using North Church street as a favorite place to disobey the law. The police have been notified of daily offenders on this thoroughfare and expect to make some arrests.

WAR TAX PENALTIES.

A penalty of fifty per cent above the regular tax will be assessed by the government upon those who do not pay their war tax on or before Nov. 23, according to advice received from the treasury department by Deputy Collector Ewen L. HIGH SCHOOL GRANTED

HOLIDAY BY MAYOR

School Dismissed by City Executive Because of Football Victory Saturday—J. H. S. Wants Game With West Aurora.

The pupils of the high school were granted a two hours vacation Monday afternoon, as the result of an earnest appeal by the students to Mayor George Davis, because of the completion of a successful football schedule, and the special victory of Saturday.

The high school students have been meeting in the 8th grade building while the new boilers were being installed. Several of the boys in the afternoon gave a demonstration of their enthusiasm up town and following this went to the home of Mayor Davis and escorted him to the high school building. Some speech making took place and the mayor was among the number. It was then 2:30 o'clock and the mayor remarked that in view of the splendid record the team had made during the season he would grant them the rest of the afternoon. In view of the fact that the pupils have lost so much time recently, members of the board of education were not in favor of the holiday.

It is believed that besides two from which the bodies were reported to have been washed ashore that others on the rapidly breaking up vessel ventured into the surf in an effort to win the land.

BRINGS HOME MANY

FOREIGN ORDERS
Chicago, Nov. 23.—British orders for more than \$15,000,000 worth of vehicles, automobiles, wagons, sleds, harness and equipment were brought back by Frederick S. Fish, of South Bend, Ind., who has just returned from England. It was announced today. England has also contracted for 500 automobile trucks from a Kenosha, Wis., firm while the French government has ordered more than \$1,000,000 in automobiles from a Jackson, Mich., factory.

Another war order made known here today was a British order for five million one pound tins of corned beef.

The 2,000 men laid off last spring who returned their work in the steel mills of South Chicago brings the total men employed up to about 6,000. Ten thousand are employed during normal times.

CATTLE RECEIPTS ONLY

FIFTY PERCENT NORMAL
East St. Louis, Ills., Nov. 23.—Although the "hoof and mouth" quarantine orders at the local stock yards were lifted today to permit shipments to St. Louis, Mo., cattle receipts for the day were only fifty percent of normal. Expectation of the yard managers that the volume of business would be near that of the days before the epidemic among livestock failed of realization. "Not until the federal authorities will permit us to make shipments east will normal conditions prevail here," was the announcement made by C. T. Jones, manager of the stock yards tonight. Today's receipts totaled 6,000 cattle; 8,000 hogs and 5,000 sheep.

BELGIAN KONGO SAVAGES.

Cannibals in War Paint Whose Past is Black Mystery.

In his book "Hunting and Hunted in the Belgian Congo" Mr. R. D. Cooper speaks of the remarkable people who live in the forest wilds:

"Threading our way down the stony path, winding in and out among the trees, we began to walk the remaining few miles along the sandy shore to Butiaba. A slight breeze sprang up from the southwest, and very shortly the sun had kissed the Bulegga mountain peaks that rose thousands of feet sheer from the water's edge in the west.

"Gaunt forbidding sentinels of the Congo! What strange people dwell behind you—the dwarfs and others, with their poisoned implements of war—cannibalism with all its attendant horrors—a people that cannot tell us of their past. The ages gone by are all a blank to them. These people are akin to the beasts of the forest, inasmuch as they care only for the present. They live for the present. The past is gone. No records have been written of them.

"The war paint of vermilion colored pigments which is smeared all over their bodies adds to the hideousness of these savages, darting from rock to rock, hiding behind trees, lying hidden in the foliage overhead, waging war with all. Tragedy follows tragedy behind those Bulegga mountains in the Congo, to the south of which lie the snow-capped crests of rugged Ruwenzori."

THE ROUND OAK BASE BURNER IS WHAT THE DOCTOR ORDERED

New, Different, as Usual, Originated by the Round Oak Folks

The heating of homes by steam, hot-water systems, and hard-coal stoves, removes all the moisture from the atmosphere in the home, and literally bakes the very air you breathe. The linings of the throat and lungs become parched and dry, and on stepping outside, on a winter day, the moisture in the outside air irritates the throat and lungs and causes a cough and cold, which rapidly develop into pneumonia.

How may healthful, moist air be generated? By the use of the Round Oak Base Burner with Humidifier. This is your insurance policy. Proper size and location of this "Health-giving" attachment together with other vital and patented improvements in construction, combine to produce the handsomest four-fuel stove which, not only heats your home more economically, but assures you of health, cheer and happiness.

CASE AGAINST E. F. JOHNSTON IS DISMISSED BY JUDGE CREIGHTON

Motion by Prosecution for Continuance is Denied—Chief Witness Against Defendant Fails to Appear.

In the Circuit court Monday morning the case of the People vs E. F. Johnston was dismissed on motion of attorney for the prosecution after Judge Creighton had denied a motion for a continuance.

When the case was called for trial Monday morning the chief prosecuting witness failed to appear and a motion for a continuance by the prosecution was argued by the attorneys. During the proceedings it developed that the prosecuting witness had merely telephoned that she would be unable to appear and when the court offered to issue a bench warrant for the witness the attorneys for the prosecution objected. The motion was then denied and after a consultation the prosecuting attorney moved that the case be nolleed.

Mr. Johnston was indicted by the grand jury on a charge of rape in 1911, the complainant being a woman from Chicago who had been employed as housekeeper at his home. The first trial was had in 1912, when the jury failed to agree, nine standing for acquittal and three for conviction and since time four continuances have been granted. State's attorney Tilton and W. N. Haigrove represented the prosecution and Judge M. T. Layman was the attorney for the defense. The late Judge Charles A. Barnes was also counsel for the defense in the early history of the case. The result of the case and various circumstances connected with it indicate quite clearly. Mr. Johnston's innocence.

STATE VETERINARIAN ON CATTLE IMPORTATION.

A local veterinary is in receipt of the following communication from O. E. Dyson, state veterinarian, with regard to the possibility of shipping in cattle for feeding purposes. "After a conference with the federal authorities it has been decided that it is not wise to permit the importation of cattle for stocking purposes until all centers of infection have been actually determined." Morgan county quarantine for hoof and mouth disease has not yet been lifted but there have developed no cases of the malady here.

AT THE GRAND.

Rowland & Clifford's production of "September Morn" was witnessed at the Grand Monday night by a large audience which evidenced its approval with hearty applause. The "September Morn" which visited Jacksonville was clothed in a three act musical play by Arthur Gillespie, introducing many comic situations, laughable lines, catchy music and the latest dances. Leo Greenwood is starred in the play and others in the cast are: Ollie Carey, Barbara Douglas, Robert Thurston, Charles S. Morgan, Harry B. Jones, Carlton Meeker, Georgia Ellen, assisted by a capable company. The costumes and scenic effects were brilliant.

PINE TAR AS CHOLERA REMEDY.
The presence of cholera among the hogs of the county has caused John A. Groves to call to attention some of the experiments farmers know have used with success. He says that one successful stockman he knows follows the plan of giving each hog an ear of corn thoroughly covered with pine tar. This he says has been found a splendid preventive measure. The giving of pine tar to hogs has also been tried with good effect and has frequently been known to cure severe cases of the heaves. The stockman mentioned also followed the plan of covering the floors of his hog pens with lime rock dust of the same kind that is used as a fertilizer.

Mr. Groves, who is interested in all matters relating to farming or stock raising, recently wrote to the state entomologist asking about galls he had observed on young apple trees, as he had an idea that they might have been occasioned by an insect. The state entomologist's office wrote him that the galls were probably caused by "sap-suckers" when the trees were young.

IS DOING GOOD WORK.

Rev. R. A. Hoffman, field secretary of the Central Howard Association, is spending a week in the city. The Howard association is said to be a non-partisan non-sectarian organization engaged in the uplift of persons who have gone astray as well as the improvement of prison conditions generally. It seeks to aid prisoners who have been released to get employment and to generally start life anew. Last year it is said that the association gave aid to 1635 persons and in the thirteen years since its organization 10,979 have been helped.

CORN STALK DISEASE FATAL TO MORGAN COUNTY HORSES

Affection Breaks Out South and East of Jacksonville, Killing Ten Animals Last Week—Some Remedies For Malady.

Cornstalk disease has made its appearance in the vicinity and last week caused the death of ten horses in a district comprising the southeast portion of Morgan county and a part of western Sangamon. With cholera among the hogs and the hoof and mouth disease threatening cattle, stockmen are advising vigorous measures of prevention and are hoping that the malady does not become widespread among the horses of the community. Although it seems that little can be done for serious cases of the disease, there is much possible in the way of prevention and horse breeders and farmers in the regions mentioned are advised to take extraordinary precautions. Affected animals are often found in a comatose state and if they do not yield speedily to treatment, die.

Cornstalk disease is of fungus origin and follows the eating of fodder, faulty ears or "nubbins" bearing the poisonous growth. It is especially prevalent among horses at work with the corn shucking. Muzzles have been advised for animals at such work and a number of farmers will in that manner keep the horses from nibbling in the field. Other preventative measures are the change of feed, the use of salt and great care in the feeding of corn. Shelled corn should be used when possible, if it is clean and well fanned. When ear corn is fed, it is well to chop off the ends of the ears and discard those very defective.

WOULD STEAL 2 CANNON FOR PETERSBURG SQUARE

DU BOIS MAKES BUT ONE CAMPAIGN PROMISE TO VOTERS

Unsuccessful Opponent of Rainey Files Affidavit Telling of His Only Campaign Promise—Pledge to Hold Good Until "Rainey Gets the Cannon or I Defeat Him."

Washington, Nov. 23.—An undying pledge to secure an old cannon to decorate the court house square at Petersburg, Illinois, was the only campaign promise made by J. F. DuBois, an unsuccessful opponent of Representative Henry T. Rainey of Illinois. The promise is recorded in DuBois' report of campaign contributions and expenses filed at the capitol today. It was the second campaign pledge revealed in the mass of reports so far filed, the previous pledge being that of an unsuccessful candidate for congress that if elected he would stay home more at night. "I promise," read Du Bois' affidavit, "to get two cannon for our court house square, if elected, even if I have to steal them from the United States navy. Promise to hold good 1916, 1918, 1920, 1922, 1924 or until Henry T. (Rainey) gets the cannon or I defeat him."

Victor L. Berger, Social Democrat, who tried unsuccessfully to represent again the Milwaukee district in congress, reported today he had received \$300 as contribution from the Socialist party's national commission and turned it into the Socialist general campaign fund of Milwaukee county.
